Left to their own devices Parent's Session

Monday 16th March, 7:30-9pm in the FLC

Whether our children are using apps, online gaming or social media, digital technology has many benefits, including allowing them to build connections with other children and helping them to develop life skills in ways that were never previously possible. Despite this, parents can feel out of touch with their child's online world. This session will look at strategies we can adopt to ensure our children gain the benefits of being online, whilst developing a responsible relationship with technology. KIDS (0 - 12 yrs)

faith at home

This week in History Makers we are focusing on Jesus calling his disciples and explaining that we can still be his disciples today. We will be giving the children an opportunity to respond to God. If possible, it would be great if we could take time this week to talk to our children about when we decided to follow Jesus and why.

YOUTH (12 -18 yrs)

Youth Band

We are on the look out for people who are interested in being musicians, singers and sound desk DJ's for a new youth band.
